Yesterday's winner—Wheeling.

Today's games—Wheeling at Dayton, New Castle at Port Wayne, Mansfield at Toledo, Youngtown at Springfield.

Special Dispatch to the Intelligencer.

SPRINGFIELD, July 7.—Four home runs, netting but four runs, were made in this afternoon's game with Wheeling. Whittier and Hoffmeister made them for Springfield; Daly and Toft for Wheeling. The visitors won by a score of 9 to 7, due to superior batting. Reising was a puzzle to the Governors for four innings, and when they did begin to find him, the hits were few and well scattered. The fielding of both teams was very yellow at times and quick and snappy at others. Manager Whittier played first for the local first-class style. Curran, first baseman, played in left field. The game was closely contested, but was evidently Wheeling's from the start, the Natters doing all the hitting. Score:

HERRINGTON WELL LIKED.

The Wheeling Players Have Now Regained Their Confidence.

SPRINGFIELD, O., July 7.—The new pitcher, Reising, of the Zanesville team in the Ohio-West Virginia league, which just disbanded, pitched for Wheeling to-day. He did good work, but was a little wild at times. Bradley, other Zanesville man, played in left field. The sixth inning, when he became ill and Hallowell relieved him. Manager Herrington is handling the boys well and he is well liked by all. The boys expect to do better on this than the last trip. Winning three out of the four games here has put them in good humor. They are all playing nice ball. The team leaves in the morning for Dayton, where they play three games.

Amateur Base Ball.

The Debold & Chapmans, of Benwood, challenge any club in the vicinity under fourteen years of age. This club has been very successful this season and has been equipped with handsome uniforms. Answer through this paper.

BASE BALL COMMENT.

If Wheeling can keep up the gall traveled at Springfield this week, the fans of this old town will forget all the hard things they have been saying about the Natters and will be at their feet upon their return from the west. Evidently the new men are showing up in good style. Reising's debut as a Natter was a most auspicious one, and Bradley, the new outfielder, seems to be a good one.

Lytle, the outfielder, may have to go to Detroit. It seems that he was sold to that club by the Rochester management.

Guess Toft wasn't in the game yesterday. A home run, a two-bagger and a single tell the tale of his batting prowess.

The mail vote on the double season will be taken this week. If it gets a two-thirds vote it will be started on Monday, July 12. Unless Dayton, Toledo or Youngstown come to the rescue, however, the project will be defeated.

Wheeling opens a series of four games at Dayton this afternoon. Hallowell will pitch to-day and Campbell or Garvey to-morrow.

The Toledo Bee seems to think Wheeling ought to be thrown out of the Inter-state league because the management sold Lyons to Youngstown and also because Wheeling has had the temerity to risk the Bee's displeasure by favoring the double season. It is not amiss to remark right here for the particular benefit of the Toledo sheet that its ire doesn't amount to "much." It "busts" like its nameake, but its sting, like its logic, is weak. In fact, it is very Grand Rapids. So far as the sale of Lyons goes, the Wheeling fans approve of the act; as to the double season, the majority of the Inter-state magnates see in it the only path to a continuance of prosperity to the end of the season. But, of course, now that the Bee has spoken nobody in Wheeling will dare to say that Lyons played in different ball here and the double season—well, the Sage has said it, so the double season is doomed.

After....
Taking

a course of Ayer's Pills the system is set in good working order and a man begins to feel that life is worth living. He who has become the gradual prey of constipation, does not realize the friction under which he labors, until the burden is lifted from him. Then his mountains sink into mole-hills, his moroseness gives place to jollity, he is a happy man again. If life does not seem worth living to you, you may take a very different view of it after taking

Ayer's Cathartic Pills.

Wheeling and vicinity. It has been decided to run three races, as follows:

Half mile open.

One mile open, lap race.

Five mile open, handicap.

The trades assembly will appropriate a sum that will make it possible to give prizes well worth going after, and those who attend the labor day celebration can rest assured that the sport will be worth witnessing. The management is determined to have fast races and this will be secured in the mile race by giving prizes for the quarters, while the five-mile handicap is sure to be fast, at least the scratch men will ride fast if they want to win. The bicycle races, together with the three harness races also being arranged for, will give Labor Day's celebration the best speed programme it has ever had here. Entry blanks and prize list will be out within a short time.

To-day's Road Race.

This evening at 7 o'clock, the Y. M. C. A. bicycle road race will be run from the corner of Fifteenth and Eoff streets, out Fifteenth and McCulloch streets and the National road, to Wheeling park and return. The race is likely to be a warm contest as several of the entrants are very fast men on the road. The finish will probably be about thirty minutes after the start.

The handicapping committee completed its work last night with the following result:

Scratch—L. R. Dillon, Jess McCausland.

30 seconds—Alfred Marks, A. R. Laman.

1 minute—Fred Newhardt.

2 minutes—Lee Hoffman, Thomas Cox.

4 minutes—Charles Robb, George Orris, H. Oberman, John Kinghorn, Ralph Howe.

4 1/2 minutes—H. W. Rogers, Walter Whitehouse, Walter Rogers.

7 minutes—Landon Bier.

The two scratch men, Dillon and McCausland, are fast men and both have won Intelligencer road races, Dillon the first and McCausland the second.

The winner of the time prize will not receive a place prize.

Boys' Road Race.

Next Saturday a bicycle race will be given over a course four miles long. Five prizes will be awarded and the entrance fee will be ten cents. Those desiring to enter will apply at 59 Fifteenth street.

Fatal Freight Wreck.

PITTSBURGH, Pa., July 7.—A through freight train, en route to Cleveland on the Pittsburgh & Lake Erie railroad, was derailed at Fallston, Pa., about 2 o'clock this morning, and ten cars were precipitated over an embankment into the Beaver river. Forty tramps were on the train when the accident happened, and several were caught in the wreck, and an unknown dead man and three injured have been taken out so far, and six others are missing.

The names of the injured are: John Kelly, Chicago; George Martin, Joliet, Ill.; Adam Kavick, Kopperville, Pa. They were removed to the hospital at New Brighton. Kavick will probably die. The accident was caused by a broken flange. Trains were delayed several hours by the wreck.

McMECHEN.

Decey News Items Gathered in the Bush Marshall County Town.

Prizes have been offered to the Sabbath schools at McMechen for the essay containing the most and best reasons why there should be no saloons in McMechen or Benwood. This contest is now thrown open to the youths of the town. The awarding committee will pay attention to the age, that all may have a fair chance to win. Each contestant will be asked to give his or her age and for what school. All are invited to join the contest. This contest closes July 30. A public meeting will be held on Monday, August 2, for the reading of the essays.

DEATH-DEALING CYCLONE

And Cloudburst in Minnesota—Fourteen People Known to Have Lost Their Lives.

DULUTH, Minn., July 7.—Fourteen people are known to have been killed in the cyclones and cloudbursts in this section of Minnesota yesterday and to-day.

The storm was general and it is impossible to state the amount of damage with any degree of certainty. The cyclone which was central near Glenwood, was the worst that ever struck the state. The telegraph lines are down for 75 miles each side of there and particulars are hard to get. The list of dead at Glenwood, so far as known, is as follows: Toft Lavian, Samuel Morrow, Mrs. Samuel Morrow, Wanle Morrow and Oswald McGowan.

Aside from these, Alfred Morrow and a baby one year old, were probably fatally injured. The trainmen say a number of other houses were blown from their foundations by the storm and undoubtedly more lives are lost. William Norris and wife are reported to have been killed. Railroad traffic is paralyzed because of the heavy fall of rain. A bad wreck on the Great Northern railroad is reported about eight miles west of St. Cloud, twenty freight cars being derailed. Charles Washburn was instantly killed, and W. H. Pepper, the engineer of the train, was seriously injured.

The storm was so general it is hard to approximate the loss, but considering crops and other damage, it will probably exceed \$1,000,000.
